RENTAL STEPS

STEP 1 : SEARCHING FOR ACCOMMODATION

- > Choose the ads that you are interested in according to location, rent, availability, type of accommodation. (Check «How to Target Your Search», pages 10-11)
 - > Call to check if the selected offer is still valid or if other accommodations of the same type are available.
 - > Ask for details that are not presented in the advertisement: the cost of charges, the heating system (collective, individual, gas, electric).
 - > From abroad: ask if it is possible to look at photos of the accommodation (on the web, by email...).
- Important!**
For any housing search before your arrival, be careful and avoid paying before signing a contract; some fake ads are circulating on the internet.
- > Agreeing on a date to visit the accommodation (be careful if you have an impediment on the day of the visit, it is advisable that you notify the owner promptly).
 - > Prepare the required paperwork before visiting the accommodation in order to quickly apply for it if it corresponds to your search.

STEP 2 : ONCE YOU HAVE IT

- > Get home insurance

The purchase of a home insurance is compulsory and will be required by the landlord prior to signing the lease.

You can get this insurance from your French bank or a private insurer. (Check «Insuring your property», page 20).

- > Draw up an inventory of fixtures for your new accommodation during the check-in.

As soon as you arrive into your new accommodation (private, CROUS...) you must make an inventory of fixtures. It is important to write down everything clearly and in detail (the condition of the ground, the ceilings, equipment, stains, cracks ...) in order to avoid any dispute at the time of departure (inventory of fixtures). Be very attentive and inform the agency or the owner of any damage you may notice as soon as possible. If the damage or defect is not listed in the inventory, the owner may decide to retain part or all of the deposit when you leave the accommodation.

> Arrange for gas, electricity and water to be turned on.

Suppliers may differ from one apartment to another. These procedures are done through the phone or on the internet. You will need the number that appears on the meter (electricity or gas meter) and possibly the family name of the previous tenant.

- GDF SUEZ (gas): 09 69 399 993* or www.particuliers.engie.fr
- EDF (electricity): 3004 or www.edf.fr
- Direct Energie (gas and/or electricity): 0 970 806 969* or <https://total.direct-energie.com/>
- Veolia (water): 0 810 000 777* or www.service-client.veoliaeau.fr
- Greater Lyon (water) : 09 69 39 69 99* or <https://agence.eaudugrandlyon.com/>

* paid number - price of a local call per minute

> Make the necessary arrangements to get a French phone number or to install the internet in your new accommodation

- Telephone/Internet suppliers: Orange, SFR, Bouygues, Free, Sosh

Students with disabilities
Some university residences offer adapted housing for people with reduced mobility, ask us for more information.

Exchange students: report your disability when applying for University housing.

STEP 3 : BEFORE YOU LEAVE

- > Send a registered letter with acknowledgement of receipt to your owner or the rental agency at least 1 month in advance to notify them of your departure (3 months notice if your accommodation is located in the south of France, outside Lyon and its urban area);
- > Take the necessary steps to end any gas, electricity or water contracts you had by contacting your suppliers;
- > Cancel your telephone and/or internet subscription (Check with your suppliers);
- > Draw up an exit inventory of fixtures;
- > Notify the CAF (Caisse d'Allocations Familiales) of your departure;
- > If everything is in order, get your deposit back.
- > Pay your housing tax if you resided in France on January 1st . Make sure that the payment deadline is respected, otherwise a 10% fee could be applied (for more information visit www.impots.gouv.fr).

TARGET YOUR SEARCH

The real estate market in Lyon is varied as it is in other cities.

The size of the accommodation, the neighborhood, and the presence of public transportation nearby all have an impact on pricing. Here are a few tips to help you find an accommodation that fits your budget.

WHERE CAN YOU LIVE ?	
Lyon	<p>There is a lot of competition for cheap housing in the city centre, close to shops, restaurants and bars, and the Berges du Rhône campus. Students often want to stay downtown at all costs and ignore the good deals that remain outside this area.</p> <p>The city of Lyon benefits from a well-developed public transportation network (fr. Transports en Commun Lyonnais or TCL), a public bicycle rental system (Vélo'v) and the city is feasible on foot.</p> <p>In order to find housing that fits within your budget and gives you quick access to the campus where you attend classes, it may be necessary to move away from the city centre.</p> <p>Do not ignore accommodation in Bron, Villeurbanne, and Vénissieux as they are often cheaper.</p> <p>Do not hesitate to use the «itinerary» function on the TCL website when looking for accommodation in order to get an idea of the commute route</p>
Districts	<p>When you see ads for the 2nd, 9th, etc., these numbers indicate the districts where the dwelling is located. Lyon is divided into 9 districts. The postcodes in Lyon all start with 6900-, the last digit you see is the number of the district where you live. It indicates rounding. The postcodes for the cities around Lyon are as follows : Bron - 69500, Villeurbanne - 69100, Vénissieux - 69200, Caluire-et-Cuire - 69300, Oullins - 69600.</p>

YOUR BUDGET

Rent	You should budget around 350 to 550 euros per month for your rent depending on the type of property you choose (studio, university residence, furnished or unfurnished, shared accommodation, etc.).
Deposit	When you move in, you must provide an amount that is at least equal to two or three times the rent of your residence. Most landlords require a deposit (or «security deposit») of a month's rent. You may also have to pay agency fees or handling charges (see page 18).
Fees	Filing fees, agency fees, or honoraria: collected at the time the lease is concluded, are remuneration for services rendered and to be rendered in the normal management of the rental. Drafting costs of lease can be extra. These costs correspond to an amount of 8 to 12€/m ² depending on the geographical area of the property.
CAF	Depending on your situation, you can benefit from financial help (accommodation funds) managed by the Caisse d'Allocations Familiales (CAF). For more information go to the CAF website (www.caf.fr).

THE TYPE OF PROPERTY

Studio	A living room, «bedroom», «living room» and «kitchen» included.
T1/F1	A main room with a separate kitchen.
T1/F1 bis	A kitchen that opens onto the living room, a separate bedroom.
T2/F2	A living room, a separate kitchen or an «open» kitchen, and a separate bed-room. The T2/F2s have a larger surface area than the T1/F1s.
T3/F3	A living room, a separate or «open» kitchen, 2 separate bedrooms.

PUBLIC UNIVERSITY HALLS OF RESIDENCE

Rooms in public university residences are granted in priority to scholarship holders or foreigners whose tax residence has been located in France for at least two years.

These rooms are managed by the CROUS (Regional Centre for University and School Activities).

Room allocation

- For exchange students

International students going on an exchange must indicate their wish to obtain a room at the time of their online University registration. Beware! The number of places are limited, not all requests can be met.

- For non-exchange students

The DRI does not reserve places for international/non-exchange students.

How and when to apply ?

- For exchange students

You can request a room or a studio in a public university hall of residence when you apply online.

- For non-exchange students

Fill in your application for a Dossier Sociale Étudiant (DES) on: <https://www.messervices.etudiant.gouv.fr/envole/> (when registering online) between 15 January and 15 May for the following school year.

How much is the rent?

Between 150€ and 410€/month and per person depending on the accommodation (eventual housing funds not deducted).

The accommodation

There is an array of choices, from furnished single rooms of 9 m² with collective sanitary facilities up to T5 apartments of 70m² (apartment-sharing) according to the residence.

Financial help, funds

If you are hosted in a CROUS residence you can receive financial help.

Unable to get an accommodation for the start of the academic year ?

If you have not applied before 15 May or if you were not assigned an accommodation for the year, you can apply for a «short-term» rental.

At the end of October you can apply for short-term accommodation (until the end of the school year).

More expensive than public university housing, private university residences are often the easiest and most convenient solution for international students.

With more than fifty residences around Lyon, there are many places to be found! Below is a non-exhaustive list of agencies managing private student residences in Lyon.

SUBLETTING

WHAT IS SUBLETTING?

If you are renting a property - a studio, apartment or a shared room - without signing a lease (a rental agreement), you are considered to be subletting. Even if you are in contact with the landlord himself/herself, if you do not sign a contract, you are subletting.

Subletting is forbidden in France, unless the owner of the property is the owner of the apartment (a private individual or a management company) gives his/her agreement beforehand.

If you sublet a property without the agreement of the owner, you will not benefit from the protections or assistance offered to tenants (CAF, insurance of your property, etc.).

Good news: Subletting with owner's agreement is more and more common in France! And that is good news for students who participate in international exchanges!

The number of students leaving on an exchange or leaving for an internship (abroad or simply in another French city) is constantly increasing. In any case it is a temporary departure. Sometimes when you feel like leaving, you reconsider, even if the rent is expensive, only because finding a new apartment can be difficult.

In response to this need, a large number of companies has erupted, offering to facilitate the «exchange» of apartments. Depending on the situation, it is not always necessary to proceed to a real change of apartments: you can leave your apartment to rent for other students, or not, and look for an apartment in your host city. These accommodations may be available for a few days, a semester, or a year. You may take advantage of this service even if you do not want to rent out your original apartment. Here's an example:

Housing Anywhere

Short term, semester, or year possible
www.HousingAnywhere.com

If you are interested in a sublet apartment, be CAREFUL: make sure that the subletting will be done with the agreement of the owner. While this is prohibited by law, many sublease offers are published without the owner's consent. If you undertake to sublet a property without an agreement, remember that you will not benefit from the protections or funds due as a tenant.

SOLIDARITY HOUSING

Solidarity housing requires your involvement in the daily life of the dwelling but also offers you rich experiences that can not be found elsewhere.

RIGHTS AND DUTIES OF TENANTS

Solidarity residences offer you accommodation at a reduced rate in exchange of services (maintenance of the property) and of time spent with your “roommate” (for intergenerational housing programs) or your participation in solidarity actions (volunteering).

To gain access to these accommodations you must submit a file (the fees remain very affordable), and possibly come for an «interview» in order to meet your future roommates.

LOCA-PASS

Helps you become a tenant :

THE GUARANTOR

Most owners require a guarantor. This guarantor can be either a person residing in France (a person who undertakes to provide a guarantee), or a person who is not a resident of France (a person who undertakes to substitute for you in the event of financial default), or a French organization ready to act as guarantor for you.

GUARANTOR IN FRANCE

Whether he/she is a French national or not, if you have a guarantor residing in France, here is an indicative (but not definitive) list of the documents he/she must provide :

- > a copy of the family record book
- > a bank or postal statement
- > photocopies of the last three supporting financial resource documents (as a rule the landlord requires that the tenant or his/her guarantor be able to justify their net monthly income - i.e. after taxes are removed - at least equal to three times the amount of the rent)
- > a photocopy of the last rent receipt or property tax receipt (if owner)
- > a photocopy of the tax/non-tax notice for the previous year
- > a photocopy of your identity card

YOU DO NOT HAVE A GUARANTOR RESIDING IN FRANCE?

VISALE

The VISALE service is accessible to all students under 30 years of age, regardless of the nature of their accommodation (private landlords or student residences).

VISALE is a service that provides financing in the housing sector. The VISALE service is compulsory for exchange students applying for university residences managed by the CROUS.

For more information (please check the website www.visale.fr > Locataire

BANK GUARANTEE

The bank undertakes to settle the unpaid rents by the tenant (who now owns an account in the said bank).

You will be obliged to block a certain amount of money, this may be negotiable. The amount of money to be blocked depends on the bank, but is calculated over a number of months of rent (the equivalent of a few months' rent up to a sum equivalent to the amount of rent for the duration of the lease).

Administration fees vary between 20 and 100€. Contracts are subject to an annual fee equivalent to 1 or 2% of 12 months' rent for one year of guarantee.

HOUSING BENEFIT

International students can benefit from a housing benefit funded by the CAF (Caisse d'Allocations Familiales) provided that the lease and the rent receipt are in their name.

However, it is possible to obtain a housing benefit even if your name does not appear on the lease, on condition:

- 1/ you sign a sublet lease
- 2/ the owner gives you his written agreement.

For non-European students, a long-stay visa bearing the CESEDA R133-3 6° is also required.

The application can be made online after finding accommodation, as soon as the lease is signed on the CAF website:

www.lyon.caf.fr

Caisse d'Allocations Familiales de Lyon

67 Boulevard Vivier Merle

69003 Lyon

Monday to Friday from 8am to 4pm

There are two kinds of financial aid, that are non-cumulative (i.e. you can only receive one grant at a time, even if you are eligible to both) :

>L'Aide personnalisée au logement (APL)

>L'Allocation logement à caractère social (ALS)

They vary according to the rent, the income of the tenant and his/her family expenses, the nature of the property and its location. Depending on the rent, the allowance can go up to 190 euros per month.

You will receive the allowance monthly for the entire duration of the lease, starting from the second month.

Important tip : If you have not obtained your residence permit yet, send your housing benefit request to the CAF as soon as you have signed the lease, even if it is incomplete. You can send the copy of the valid residence permit as soon as you receive it.

PROPERTY INSURANCE

Insurance must be purchased before entry into the new apartment and may be required prior to the signing of the lease.

You can take out house insurance with :
- a private insurance company (SMERRA, LMDE, etc.)
- your bank.

You can also compare offers online through specialized websites.
